## POINT CHONG

Point Chong sounds like quite the accomplished DJ! Graduating from the Malaysia Institute of Art and then making a mark in the DJ scene since 2006 is impressive. Placing fourth in the Juice DJ Quest 2006 must have been a significant achievement early in his career, and becoming a resident DJ at Zouk KL would have opened up many opportunities for him. Being a member of Manhand adds another dimension to his career, likely offering collaborative and creative experiences with other talented individuals. Overall, Point Chong has had a dynamic journey in the world of music.
